

# Galacto Start

Suitable as a sole source of nutrition for infants, or as supplementary food for children and adults

## INDICATIONS

For the dietary management of infants and children with glucose-galactose intolerance.

## DESCRIPTION

Galacto Start is a formula for the dietary management of glucose-galactose intolerance in infancy. It consists of cow's milk protein, carbohydrates (fructose), and vegetable fats, and is supplemented with vitamins, minerals and trace elements. Suitable as a sole source of nutrition for infants, or as supplementary food for children and adults.

## RECOMMENDED USE

The daily amount of Galacto Start depends on age, body weight and individual medical condition. The dose of Galacto Start is to be monitored and adjusted by the physician regularly. The required amount of Galacto Start can be prepared as bottle feed with hot previously boiled water (cooled down to 50 °C), or as sip feed for children over 1 year of age.

## IMPORTANT NOTICE:

- Suitable as a sole source of nutrition for infants only, or as supplementary food for children and adults with glucose-galactose intolerance
- Must be used under medical supervision
- Not suitable for parenteral use

Ingredients: Fructose, vegetable oils (Palm oil, rapeseed oil, Palm kernel oil, sunflower oil), whey protein isolate (**cow's milk**), di-Calcium phosphate, Emulsifier E 472c, highly refined **fish oil** with DHA and EPA in a matrix of sucrose and starch (contains **soya**), tri-Potassium citrate, Sodium chloride, Vitamins (A, D, E, K, C, B1, B2, Niacin, B6, Folic acid, Pantothenic acid, B12, Biotin), Choline bitartrate, Magnesium Citrate, Potassium Chloride, Inositol, Taurine, Emulsifier sunflower lecithine, Iron-II-sulfate, L-Carnitine-L-Tartrate, Zinc sulfate, Antioxidants Tocopherol-rich extract and Ascorbyl palmitate, Manganese sulfate, Copper sulfate, Potassium iodide, Sodium molybdate, Chrom-III-chloride, Sodium selenite.

Net weight: 400 g

Shelf life: 24 months
